

## **Gambling Addiction Treatment Reimbursement Network**

The Maine Center for Disease Control and Prevention in collaboration with AdCare Educational Institute of Maine is pleased to announce an opportunity for treatment providers to become members of a Gambling Addiction Treatment Reimbursement Network. Individuals who have gambling addiction and their family members often do not have the financial resources available to get help and this network provides a funding of last resort to pay for those individuals who have no other means to pay for gambling addiction treatment.

**Eligibility:** Clinicians who are Licensed Clinical Social Workers (LCSW) or Licensed Clinical Professional Counselors (LCPC) are eligible to be reimbursed for gambling treatment. Professionals who hold only the Licensed Alcohol and Drug Counselor (LADC) credential are not eligible to participate (due to licensing regulations which places gambling addiction treatment outside of their scope of practice.) Clinicians must have at least 12 hours of gambling treatment training to be eligible and, from this point forward, membership must be renewed every 2 years (after participating in an additional 6 hours of training every two years.)

**Network Membership:** Being a member of the network means that you (as a private practice clinician) or the agency you work for, can receive a limited amount of reimbursement for clients for whom you are providing treatment for gambling addiction or for affected others (who have no other means to pay for services.) Your name and contact information will also be available through 211 Maine as a resource for those seeking gambling addiction treatment.

### **How to Apply:**

Please send your application to Lori Manson, AdCare Educational Institute, Ballard Center, 6 East Chestnut Street, Suite 101, Augusta, Maine 04330 or email at [lmanson@adcareme.org](mailto:lmanson@adcareme.org) along with verification of participation in at least 12 hours of gambling addiction treatment related training. (If your training was with AdCare Maine, we can access the records, so you don't need to send copies). For this initial application for inclusion in the network, you may select and document gambling related training which you completed at any point in your professional career. Treatment agencies that wish to have multiple clinicians approved for reimbursement should include the individual clinician participation form for each clinician in the agency along with verification of their training hours. Your application will be reviewed by Maine CDC and AdCare and if approved, individual clinicians will be sent a certificate of membership into the network. Anyone not approved for inclusion in the network would be notified of such. The agency or private practitioner that will be billing for services will be asked to sign a Memorandum of Understanding (MOU) with AdCare in order to be reimbursed. Forms for reimbursement will be provided once the MOU has been signed. For questions about the network, contact Lori Manson at [lmanson@adcareme.org](mailto:lmanson@adcareme.org).

### **Receiving Reimbursement:**

Each clinician is eligible to receive reimbursement for up to 48 units (12 hours) in any quarter per client (problem gambler or affected other) at the rate of \$25.73 per quarter hour. As a result of a limited amount of funding for this network, reimbursement is dependent upon available funds. Reimbursement forms should be completed in their entirety and submitted to AdCare at least quarterly in order to receive reimbursement.

**Application for Participation in the  
Gambling Addiction Treatment Reimbursement Network**
